Our Founder

Mr. Sudhir Madhavji Lall

Founder

Our Founder Universal Education was founded by the guiding spirit of our patriarch, Shri Sudhir Madhavji Lall, who laid the foundations of UE in 1968 and built it from scratch into one of Mumbai's largest and most reputed private educational institutions. He was a visionary of great ideals, but retained a lifestyle of simplicity. He conducted himself with total dignity and impartiality. His values, vision and goals were simple to lead by love, by trust and by example. During his professional career, Shri Lall championed many causes, but none so fiercely as educational reforms. Unfortunately, he left for heavenly abode on the 1st Sept,2002. His son, the chairman of the institute, Shri Jesus Lall has, since then strengthened UE, transformed it and ensured its growth in keeping with his father's dream

Examination Scheme

The Scheme of Examination

University of Mumbai has implemented the Choice Based Credit and Grading System since 2010-2011. The Scheme has seen many changes since its inception. The Choice Based Credit System as applicable 2018-2019 is as given below.

Before we proceed to explain the examination scheme, a Learner (student) must understand the terminologies used:

Program

A **Program** is a set of courses that are linked together in an academically meaningful way and generally ends with the award of a Certificate or Diploma or Degree depending on the level of knowledge attained and the total duration of study. Traditionally, **B.A., B.Sc. and B.Com. are referred to as Degrees and will now be referred to as PROGRAMS.**

Course

The term "**COURSE**" under the Credit System corresponds to the word '**SUBJECT**' used currently. For instance, subjects like **Accountancy & Financial Management, Business Economics, Foundation Course, Commerce, etc. included under the B. Com program would now be called 'Courses'.**

Module and Unit

A course which is generally an independent entity having its own separate identity, is also often referred to as a 'Module'. A module may be studied in conjunction with other learning modules or studied independently. A topic within a course is treated as a Unit.

Credit Point

Credit Point refers to the '**Workload' of a learner**. It is an index of the number of learning hours deemed for learning of a certain segment. These learning hours broadly classified into hours spent on attending actual lectures / tutorials / laboratory work /seminar etc. and notional hours spent on reading, reflecting, discussing, attending counselling sessions, watching especially prepared videos, writing assignments, preparing for examinations, etc.

1 credit point corresponds to 30 to 40 learning hours. A single course may be assigned between 2 to 8 credit points taking into consideration no. of hours it would take for a learner to complete a single course successfully. **The learner is said to have earned the credits on successful completion of the course including the evaluation.**

Semester System
